

TWO COUNTIES NETBALL LEAGUE

Photography Guidelines

- *England Netball Duty of Care Guidelines* recommend that all clubs should record the name and address of any spectator who wishes to use video, zoom or close range photography to record the activities at a tournament.
- In line with this recommendation, **TWO COUNTIES NETBALL** require that any person wishing to engage in video, zoom or close range photography should register their details before carrying out any such photography. A club representative to vouch for them must accompany anyone registering. Those registering will be issued with identification, which must be shown if challenged.
- However, we do not wish to stop parents taking snapshots as mementoes of their children playing, and we are happy for such photographs to be taken without the need for registration.
- We presume that all visiting clubs have obtained parental permission for players to be photographed and this is on the tam entry forms.
- Any club not wishing players to be photographed should make the Tournament Organiser aware of this on arrival, and we will do our best to safeguard those players.
- Concerns about photography taking place at our tournament/leagues should be discussed with the Tournament Host/ Referee.
